# Dissemination & exploitation of project

see programme guide p.312

[http://ec.europa.eu/programmes/erasmus-plus/sites/erasmusplus/files/files/resources/erasmus-plus-programme-guide\\_en.pdf](http://ec.europa.eu/programmes/erasmus-plus/sites/erasmusplus/files/files/resources/erasmus-plus-programme-guide_en.pdf)

**Dissemination is a planned process of providing information on the results** of programmes and initiatives to key actors.

Spreading the word about the E+ project successes and outcomes as far as possible. Making others aware of the project will impact on other organisations. Dissemination should be designed at the beginning of the project (why, what, how, when, to whom and where) disseminating results will take place, both during and after the funding period.

# Dissemination & exploitation of project

**Exploitation** is a **planned process of transferring the successful results** of the programmes and initiatives to appropriate decision-makers in regulated local, regional, national or European systems

For Erasmus+ this means maximising the potential of the funded activities, so that the results are used beyond the lifetime of the project. Results should be developed in such a way that they can be tailored to the needs of others; transferred to new areas; sustained after the funding period has finished; or used to influence future policy and practice

**Dissemination and exploitation are therefore distinct but closely related to one another.**

# Penalties for non-compliance with Publicity Obligations

*The obligation to comply with the Publicity provision is set out in the **article II.7** of the Grant Agreement: **Visibility of Union Funding**, see General Conditions.*

## **II.7.1. Information on the Union funding and use of EU emblem**

*Without prejudice to the right to terminate the grant, **in case of failure to fulfil this obligation, the Agency may apply a 20% reduction of the grant initially provided for.***

# Penalties for non-compliance with Publicity Obligations

*II.7.2. **Disclaimers** excluding Agency & Commission responsibility  
Poor, or Partial, or late implementation.*

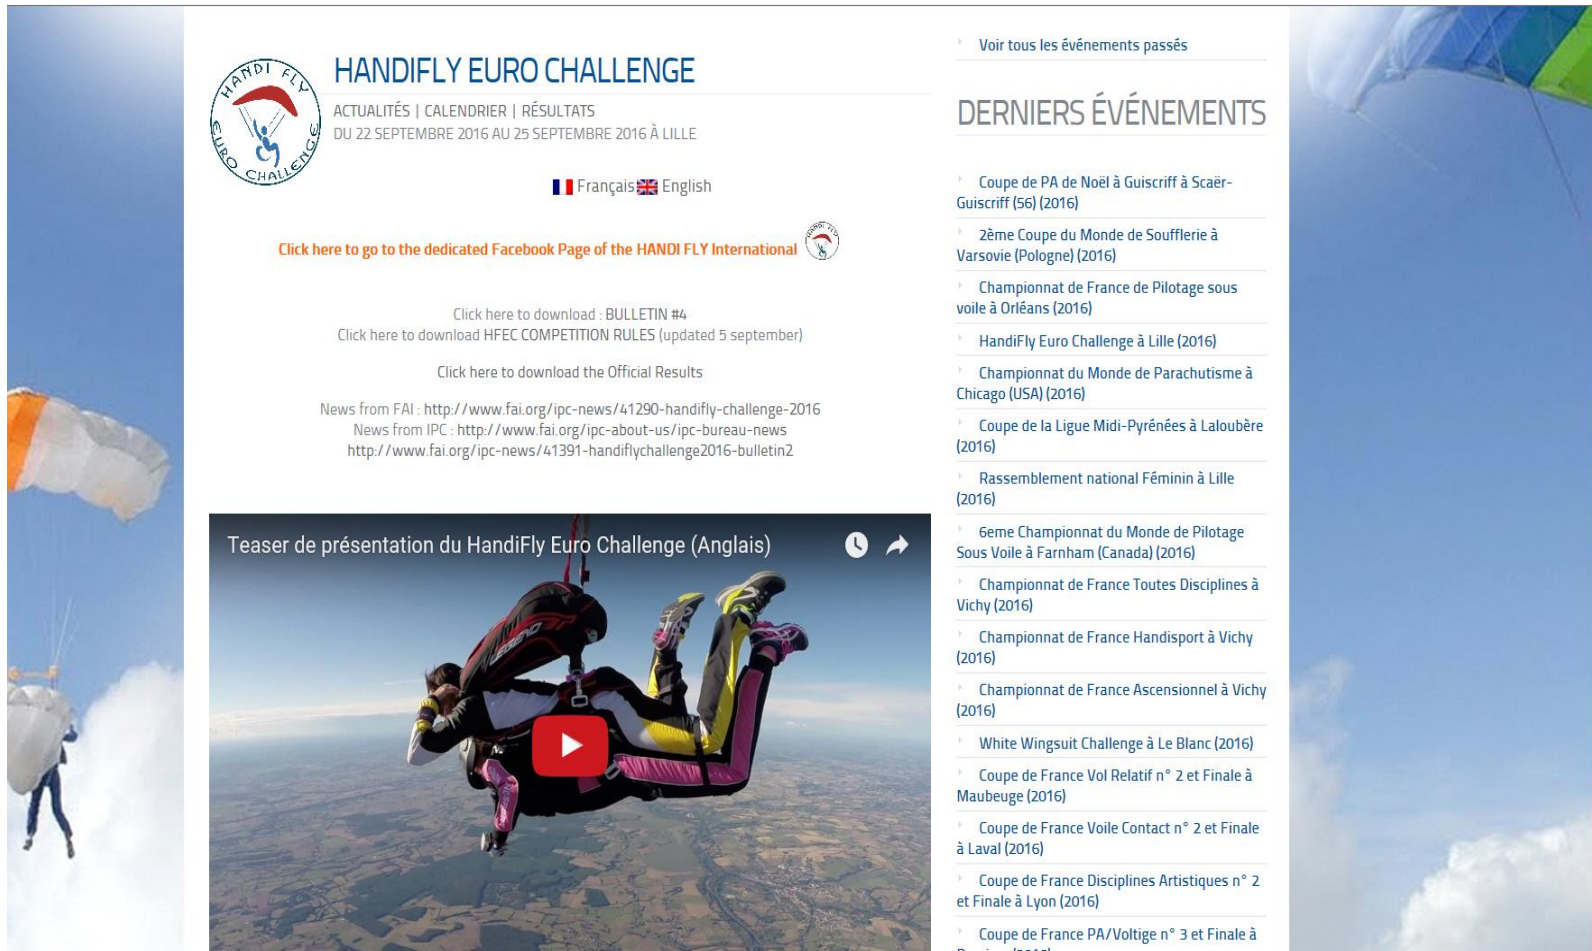

***Any** communication or publication related to the action made by beneficiaries jointly or individually shall indicate that **it reflects only the author's view** and that the Agency and the Commission cannot be held responsible for any use which may be made of the information contained therein.*

*II.7.2. **Disclaimers** excluding Agency & Commission responsibility  
Poor, or Partial, or late implementation.*

***Final products/outputs will be assessed** by the Agency at final report level ie: implementation in line with the grant, quality of activities, consistency with objectives, quality of products/output produced, impact on participants, EU added value, quality of dissemination activities, wider impact on individuals/organisation*
